SUMMARY

Distinctly motivated tech enthusiast, passionate to stay updated on the latest computer software and hardware. I am currently seeking challenging opportunities, eager to refine my professional skillset within the industry.

- Voluble in HTML, CSS (Bootstrap), PHP (Laravel/CodeIgniter), JavaScript, Dart (Flutter), C#, SQL and Firebase.

Expertise in digital marketing, content creation/strategy, product analysis, graphic designing and technical writing with extensive research and tools adaptability.

- Fluent in Adobe Creative Suite, Microsoft 365, Confluence/Jira, GitHub, Salesforce, HubSpot CRM, Sitecore, WordPress, and Google Analytics 4.

EXPERIENCE

Analyst, Financial Marketing Services

| Acuity Knowledge Partners

SEP 2023 – PRESENT *World Trade Center, Sri Lanka*

- Handle routine and ad-hoc web content development, UI/UX revamps, and CMS administration (Sitecore/AEM) for clients of Top 10 U.S. Asset Managers.
- Develop interactive and dynamic front-end data visualizations, utilizing web technologies such as JavaScript, jQuery, TypeScript, XML, etc.
- Troubleshoot and resolve technical issues within web content management systems and external marketing tools and CRMs.

eLearning and Content Development Intern

| CAM Management Solutions (CAMMS)

OCT 2022 – SEP 2023 *World Trade Center, Sri Lanka*

- Incorporate interactive learning techniques to design learning content to educate technical and non-technical software users.
- Consult subject matter experts to develop product enablement and marketing content, adhering appropriate design principles.
- Work closely with internal teams to create eLearning and website content, including videos, graphics (utilizing Adobe Suite) and written materials.
- Administer the Camms Learning Platform and CMS (WordPress), managing learning content and client contacts in CRM systems (Salesforce/HubSpot).
